Sun Safety in School

Summer 2010

Dear Parents,

After such a cold winter, we'll all be glad to get out in the playground in the summer – but on hot days we can't offer the protection of shade to every child.

In the past we have asked parents and carers to provide children with a hat and apply sun lotion in the mornings – but we know that this is easy to forget in the 'get to school' rush.

In order to achieve our aims as a healthy school – and protect your child, this summer we will be installing sun cream dispensers in key areas of the school.

Each dispenser will contain a fully tested F30, 4 Star sun lotion which is free of nuts (an issue with some sun creams). A list of the sun lotion ingredients is available from the office – and will be posted on the school notice board.

- 1. If you wish your child to be able to use the dispenser on hot days, please sign and return the permission slip below.**
- 2. In order to help us meet the costs of the dispensers and the sun lotion we are asking parents for a voluntary contribution towards the cost.**

Many thanks for your continued support

Yours sincerely

Mrs L Finlay
Headteacher

I give my permission for my child to use the school sun lotion dispensers, under supervision.
